Additional Trash Service Options

In an effort to keep our service local and to keep our neighborhood clean, we are providing more options for trash service. EverKept has offered similar neighborhood rates and your first three months free and will provide a 96 gallon recycle cart to help keep the recycle from blowing when it's windy. Put all your recycle in the cart and set it at the curb every other week. You can print a copy of the recycle schedule off from the EverKept website, www.EverKept.com and use the RED calendar.

Also EverKept has a special Pink Cart for cancer awareness available upon request.

EverKept is the only local hauler here in Hudsonville so your dollars will stay here in Hudsonville.

The Pink Cart

The Pink Cart is part of EverKepts' effort to Curb Cancer. We are working to help the American Cancer Society (ACS) build awareness and funding to fight a disease that affects 1 in 8 women nationally – in honor of the many wives, mothers, sisters, daughters, and friends who are affected by breast cancer.

Just by using this pink cart.

In the spring call EverKept for your optional yard waste cart service and they will deliver a cart. Yard waste service runs from April through November.

EverKept also has a drop off site for yard waste and bulk junk available at their location on Port Sheldon in Hudsonville. This is nice for after season yard waste and any

bulk items that will not fit into your cart.

Collection day is Monday.

To activate service call: 669-2047

"Two Calvin Grads Putting Their Education to Waste"

Weighing on me this morning....

Placing out our carts has caused some confusion and that was not our intent, it was simply an expression of our dedication and passion! Due to the timing of how this all came about, we felt called to action. Understanding we may have missed the mark. We didn't want another 10 years to go by and not have the most recycled, and the most local economic impact for those dollars.

We felt our offer was misunderstood, like comparing apples to oranges with other vendors. We've proved ourselves worthy; over 70 current EverKept customers have been using us over WM for years. Ultimately we have better rates and excellent customer service.

Please don't miss our side of the story. I'm asking for your help to get our message out to your association. We have a passion.... I hope this is coming across.

While you can still choose individually, it's understood most would like only one hauler in the neighborhood. We believe EverKept is the best choice for your neighborhood.

Sincerely,

Chad Stoub
Owner and Founder of EverKept Disposal
